

A Report on Industrial and Educational Tour 2021

We the students of 5th semester commerce, Haflong Govt. Haflong, visited Pobitora wild life sanctuary and Calcom Cement Factory, Lanka on 1st and 2nd February 2021. The group consisted of 27 students and 6 (six) teachers of the Department of Commerce.

We started our journey on 1st February 2021 from our college gate at around 7-45 in a bus hired from NCHAC. Principal of our college Dr. M. Rahman was also present there for a short while and expressed his best wishes for our safe journey. At around 9-00 A.M. we reached nearby Maibang town where we took our breakfast. Thereafter we reached Nagaon by-pass at 1-00 P.m. where we took our lunch. Then we started for "Chanaka Eco park" which is situated at River Bank Brahmaputra nearby Mayong in Morigao District. We enjoyed the beauty of Eco Park and stayed there almost an hour. We took tiffin and then started for Pobitora and reached at 7-00 P.M. in a resort called MAIBONG RESORT. At around 9-30 P.m we took our dinner and went to our room allotted for us.

On 2nd February in the early morning we started for "Elephant safari point" to see the Rhinos for which we were eagerly waiting, the elephant riding point was 10 minutes walking distance from our resort. Two groups were made for the convenience and first group started at 5-30 a.m and second at 6-30. We all in a group of three saw the Rhinos from nearest distance by Elephant Riding. We all enjoyed a lot there and ended the safari at around 8-30. Then we took breakfast there in the Resort and started for Back journey to Nagaon. After taking lunch at Nagaon we again started for Calcom Cement Factory Lanka and reached at around 2-30 p.m.

Mr. Sharma in-charge of the Production and Mr. Ranjit Bharali in- charge CSR accompanied us in visiting their production unit. They told us about the industry and the process of cement manufacturing. We interacted with them and came to know that 80% work is done at Umrangso and remaining 20% work in the process is done here at Lanka including final packing. We came to know that the Calcom Cement Company was taken by Dalmia Bharat Ltd. Company in the year 2011 and now it is the Subsidiary of Dalmia Bharat Ltd. They offered snacks and tea in their canteen. While taking tea there were discussion with our teachers and officers of the Company. Mr. Kankan Lal Choudhury who is in-charge of corporate affairs took active part in the discussion. Our Sir Mr. M.C. Bakali thanked all the officers for allowing us to visit their industry and briefly told the benefit of industrial visit. Then we started for Haflong at around 4-00 p.m and reached at 8-30 p.m.

We extend our heartfelt thanks to our teacher Dr. D. Barua and Mr. S. Chakroborty who were teacher-in- charge of the Tour Programme for guiding us throughout the tour. We also thank Dr. J Bordoloi HOD, Mr. M.M.K. Sing Mr. M.C. Bakali, Dr. A Choudhury for taking care of every one of us during the tour. We are also thankful to our Principal Dr. M. Rahman for providing fund for the tour. Finally we extend our heartiest thanks to our beloved friend Keyikaibuing Nriame, popularly known as AKAI and other friends for capturing beautiful pictures from the beginning to the end of the tour.

As a result of the tour we are benefitted enough in knowing about the manufacturing process of cement, raw - materials needed, packaging, marketing etc. Finally we are also benefitted from the tour that we have become very close with one another and also become very close with our teachers.
