The Principal informed the members that NAAC Peer team may visit the college at the end of June. All member unanimously felt that it was too early & since exams, admissions were going on, the college would find it difficult to ready itself for the visit. The members requested the Principal to either directly contact the concerned authority or send a e-mail if it would be possible to reschedule the date of the visit. The Principal assured that he would do the needful. The rescheduled date should be in the month of August, since in July the college gets summer vacation. The members suggested that the routine & holiday list should be mailed to the concerned authority, so that they are made aware of the problems we may encounter.
